Product Overview

Thank you for purchasing our Suprabeam Q3r.

Rechargeable power brought to our Q3 classic design. Compact and extremely powerful. Equipped with our Hyperfocus™ system and combined with the latest LED Power Chip technology.

We do our best to make the products meet our high standards.

Should you unexpectedly encounter problems with the product, please contact your local Suprabeam dealer.

Dispose this product in an environmentally compatible manner in accordance with national regulations, if in doubt about correct disposal please contact your municipal authority that can provide information about correct disposal.

This product is tested with Li-Ion 18650 batteries. We highly recommend using Premium type batteries only to ensure high quality light output and long lighting time. We can not guarantee the light data if using battery types of lower quality

*To protect the environment, this product is compatible with rechargeable batteries*
